Sewer Operating Committee Is Facing Challenge Of Repairing Princeton's Defective Lateral Lines

It's one thing to dig up the public streets to repair the sewer lines. A municipality can call upon capital budgets, issue bonds, or assess developers who will contribute new gallonage to the system.

It's quite another to get at the laterals — the smaller lines leading from each residence to the main trunk line, which are the homeowner's responsibility — and to get the resident's to pay for these repairs.

The Princeton Sewer Operating Committee has long known that it would have to bite this particular bullet, because, as a recent memo from SOC manager

Martin Dorward points out, studies throughout the United States show that infiltration/inflow from private laterals has been estimated to be as high as 75 percent of the total I/I inflow into sanitary sewer systems. Last Wednesday, the SOC took initial steps to formulate a policy for getting leaky laterals repaired and the repair work paid for.

The SOC agreed that it should be the municipality's responsibility to repair or replace the portion of the defective lateral from the main trunk line to the curb line or edge of pavement. Mr. Dorward says that many I/I studies indicate that the

first six foot segment of a lateral from the main is most susceptible to defects and leakage. Taking responsibility for this segment, he believes, will send a message to the homeowner that the municipality is willing to accept some of the financial burden.

From the curb or pavement edge to the house is the homeowner's responsibility. In a letter outlining lateral repair policy for ordinating by Township Committee and Borough Council that Mr. Dorward and SOC chair J.B. Smith are presently drafting, they will suggest that TV camera in-

Temporary Bridge Possible If \$550,000 Can Be Found

A temporary bridge could be in place over Lake Carnegie at Harrison Street "within a week." The only hitch is who would pay the \$550,000 cost.

Princeton Township Engineer Robert V. Kiser met this week at the bridge with representatives of Acrow Corp. of Carlsbad, N.J., purveyor of temporary bridges. Also attending the meeting was a local contractor who has performed maintenance on the Harrison Street Bridge in the past and who, Mr. Kiser says, asked not to be identified.

For an outright purchase — not lease — price of \$450,000 for the bridge itself and \$100,000 to install it, Harrison Street could once again be the bustling third artery into and out of town that it was before the bridge was abruptly closed on July 19. Once the new or reconstructed Harrison Street Bridge is completed, and the Township no longer has need for the temporary replacement, it could sell the structure and recoup one third of the cost, "maybe even more," Mr. Kiser says enthusiastically.

He has a picture of an Acrow interstate highway in New Hampshire. "It looks like a giant erector set," he says. Instead of being constructed parallel with the Harrison Street bridge, the temporary bridge would be erected right on top of the existing structure.

The parapet would be taken down (part of it was knocked out by a motorist on July 3, which called attention to the bridge and started a chain of statements and inspections that led to County Executive Bill Mathesius ordering the bridge to be closed), and steel towers would be slipped down past the roadbed onto the existing piers. A new road bed would be sus-

ended from the steel towers, making the bridge two or three feet higher than at present.

The existing piers are presently the subject of an engineering feasibility study ordered by the county to see whether they are structurally sound enough to be salvageable. Mr. Kiser says his visual inspection of the piers, and that of the contractor and Acrow representative, indicates they could be used for the temporary bridge. But all agree "that would have to be double-checked," Mr. Kiser says.

Looking ahead to the construction or reconstruction of the old Harrison Street Bridge, Mr. Kiser thinks the bridge should be realigned to eliminate the sharp right turn at both approaches. He

Quick Action Results In Arrest of Burglars

Borough Police, who have come under fire by some Nassau Street merchants who want to see more crime-fighting patrols in the central business district, were out in adequate force in the early morning hours last Thursday, August 15, and arrested two juveniles in the process of burglarizing Hult's Shoes on Nassau Street.

Borough Police Captain John Bellow reported that an alarm sounded at the shoe store at 3:06 a.m. Two patrol cars were dispatched. The first officers on the scene observed that the front door of the store had been smashed in. Those in the second car observed a car travelling north on Tulane Alley.

Arrest

Continued from Page 1

Several weeks ago police responded to a similar break in at about the same hour of the night at Forest Jewelers on Nassau Street. In that case the front door also was broken in, and several thousand dollars worth of jewelry was taken from display cases in the store. The thieves escaped, even though police arrived within seconds of receiving the call. The proprietor of the jewelry store, Mitch Forest, is the organizer of the drive for increased police presence.

In the break-in at Hult's, the police apprehended the driver of the car in Lincoln Court, adjacent to Tulane. Two other individuals were spotted behind the shoe store. One was stopped; the other got away.

The two arrested were a 17-year-old from New Brunswick and a 15-year-old Franklin Township resident. The investigation revealed that the car had been stolen in New Brunswick and that the trio were in possession of other goods stolen from Metuchen. Taken from Hults were several pairs of sneakers and a stereo system. Piled up next to the door were 50 boxes of sneakers. Police transported the suspects to the Mercer County Juvenile Detention Center and returned the recovered property to the owners.

JUVENILE APPREHENDED

On Weapons Charge. Borough Police reported the arrest of a 15-year-old Borough resident with an extensive juvenile record following a call for help from the Gloria Nilson real estate office at 230 Nassau Street.

Police responded to a call from the office reporting that a suspicious-looking male had been seen in the building. The youth was stopped on Nassau Street. Found in his possession were a bank check cashing card and cash belonging to an employee of the office who reported that her purse had been pilfered while she was away from her desk.

The juvenile also had a folding knife with a four-inch blade. The youth was transported to the Mercer County Juvenile Detention Center.

Bridge

thinks this could be accomplished by keeping the embankment location on the Princeton side as is and moving the bridge slightly to the east on the West Windsor side.

New piers could be set in place in the water, saving the abutment work until last, he suggests. This would mean a second closing of the Harrison Street bridge for a maximum of 60 days, he believes.

It all sounds very logical, and even feasible, but who's going to pay? Even Mr. Kiser doesn't have a ready answer to that, but he thinks the answer will depend on how bad the traffic will get once the summer is over, people flood back into Princeton and schools and the University begin again. "If it gets much worse, in all probability alternative solutions will have to be found," he says.

The Sigmund Alternatives. Meanwhile, over in the Borough and at the urging of Borough Council, Borough Mayor Barbara Sigmund has put down on paper four alternatives, with maps and drawings marked with arrows, that have occurred to her. Mayor Sigmund called a press conference Monday afternoon to explain her schemes, which call for a re-striping of Washington Road as a three-lane roadway and make use of dirt driveways through University fields in West Windsor in three different configurations.

Mayor Sigmund also believes traffic congestion will be worse after Labor Day when the town's principal industry — the University — is no longer shut down. Although the Harrison Street Bridge is in the Township, and the roads she proposes to use to redirect traffic are in West Windsor, Mayor Sigmund thinks the closing of the bridge is having an impact on all roads in the general area.

"I'm one of those who believes that as development continues we need more roads rather than less," she said. "The closing of the Harrison Street bridge meant the cutting off of an east-west access road." Her suggestions are an attempt, she says, to alleviate the additional congestion at Penn's Neck Circle and on Washington Road, Alexander Street, Nassau Street and the Princeton-Kingslon Road occasioned by the bridge closing.

In one of Mayor Sigmund's schemes, both roads crossing the University fields between the Canal and Route 1 would be paved and made available to traffic coming in and out of Princeton from Route 1. One would be one-way toward Princeton, the other one-way out; they meet, as in a wishbone, not far from Harrison Street.

Most Expensive. This alternative would be the most expensive, involving paving of two roads at a conservative estimated cost of \$50,000 each. Mayor Sigmund proposes that the county pay half this cost, and the Borough and Township split the other half. Another problem with this scheme is the difficulty for motorists heading toward Route 1 from Princeton making a left hand turn across traffic coming into town as they try to get on the access road across the University fields.

A second scheme would use the road closer to the Canal for two-way traffic. This would be less expensive than the first plan, but has a disadvantage in the poor sight line because of the hill for those same motorists trying to make the left hand turn onto the access road. A third alternative would eliminate the left hand turn across Washington Road and use the road nearer the Canal for westbound traffic only.

The fourth alternative, which Mrs. Sigmund calls the Washington, D.C. plan, is to make two lanes of re-striped three-lane Washington Road eastbound in the morning and westbound at night.

Pike Mildly Annoyed. Mayor Sigmund has requested a meeting of the police chiefs and mayors of West Windsor, Princeton Township and Princeton Borough be convened by the County Executive and the Public Works Director of Mercer County "as the most practical means" to see whether or not her alternatives are worth pursuing.

On Tuesday, Mayor Pike said he had still not received his copy of Mayor Sigmund's

plans, which she said she had dispatched via the police on Monday afternoon. He expressed "mild annoyance," because, he said, "We considered all this the day after the closing was announced." Mayor Pike said that after Eugene McPartland, Princeton University Vice President for Facilities had called and offered the use of the roads "if they would be of help," he had convened a meeting with West Windsor Mayor Stanley Perrine and West Windsor Police Chief Frank Cox to discuss whether or not they would relieve traffic.

Subsequently, Police Chief Cox has conducted his own informal study of turning movements at the Penn's Neck Circle and discovered that only two out of 10 cars coming out of Princeton turn left onto Route 1. Thus he concludes that the various schemes for using the University-owned roads will not be of that much benefit.

Mayor Pike also remains firm in his conviction that it is the county's negligent maintenance that allowed the bridge to deteriorate to the point that it had to be closed. Thus he insists that the Township should not have to pay anything toward road repaving or a temporary bridge to handle the traffic problem that results from the forced closing.

"The County should re-order its priorities and maintain its infrastructure," he asserts. "This is the second Township bridge they have let go."

Princeton Attorney Joins Major Developer In Application for State Rd. Office Buildings

WHERE TWO OFFICE BUILDINGS ARE PROPOSED: The cross-hatched area is actually two lots, with the smaller one at the right containing the Mary Watts store, the larger area the property of attorney John F. McCarthy III. Two office buildings, one of 38,000 square feet, the other 24,000 square feet, are proposed close to Route 206 in the S-2 or Service zone. The site may be impacted by a New Jersey Department of Transportation proposal for widening and straightening the easterly bend in Route 206.

A Princeton attorney who has an option to add the Mary Watts store property to his own acreage off State Road has asked a major developer to join him in putting up two office buildings on the site.

Under the title Princeton Gateway Corporate Campus Associates, John F. McCarthy III and RD Development Corporation of Forsgate have revised Mr. McCarthy's original plans for two buildings totalling 54,000 square feet. Revised plans were submitted last week to the Planning Board's Site Plan Advisory Board (also

known as the Environmental Design Review Board (EDRC) and must be resubmitted in order to satisfy members' concerns about landscaping, storm water detention and impact on the wooded, sloping site.

Located on the east side of Route 206, across from the Peterson tract and the Hillside Road intersection, the property is currently in two irregularly shaped lots totalling about 26 acres. The front portion along Route 206 lies in the

than permitted, and 13.5 square feet larger.

Mr. McCarthy submitted a similar proposal for two office buildings on the site to the Planning Board last November for informal concept review. At the time there were a number of "difficulties" with the proposal, and nothing more was heard of it until May when RH Development Corp. entered the picture and revised plans were submitted.

RH Development Corp., Randall Hack, president, came into this area six years ago when it acquired 1,800 acres of industrial, office and residential land at Exit 8-A of the New Jersey Turnpike. There the company has developed 1.8 million square feet of light industrial and office facilities, as well as several small residential subdivisions.

S-2 or service zone, the rear is in residential R-A (four-acre minimum) and R-2 (1½-acre minimum) zones.

The developer proposes to convert the two existing lots into three new building lots, two of which would be in the S-2 zone and be the site of the proposed construction. The third would remain vacant.

Variances Needed. In seeking subdivision as well as site plan approval, Princeton Gateway Campus Associates also seeks parking and sign variances. Under the Township's ordinance, 310 parking spaces are required to accommodate the size of the two buildings proposed. The applicant proposes instead 248 parking spaces and seeks a waiver for 62 spaces.

There will be two driveways into the property, and the applicant proposes two 14.5 foot free-standing signs at the edge of the property next to the road. This is one sign more

More recently RH Development Corp. joined forces with Lazard Freres, an international banking firm in New York City, to acquire the 513-acre Forsgate Country Club. The firm intends to preserve and restore the club and 27 of the 36 golf holes while building a 250-room conference center and residential units around the golf course. Eventually, plans call for two million square feet of corporate office and research space, according to a letter from Mr. Hack on file in the Planning Board office.

Closer to Princeton, RH Development has approval from the West Windsor Planning Board for 563,000 square feet of office and research space on 43 acres it assembled on the northeast corner of Alexander Road and U.S. Route 1. The property is across from Carnegie Center and the Hyatt Regency and was formerly the site of American Cyanamid and a U.S. Post Office. Phase I of this three-phase development has just begun.

A Difficult Site. Reviewing Princeton Gateway Corporate Campus Associates site plan proposal for the land off Route 206, Township Engineer Robert V. Kiser notes that the tract has a heavy growth of mature shade trees. In addition there are frequent stream overflows and bedrock lies within two to three feet of the surface. He questions whether

blasting will be needed to accomplish the developer's proposed construction, and he also calls attention to the fact that the detention basin is proposed to be made out of concrete rather than an earthen berm as is usually the case.

The two proposed drive-ways, one to each building, are some 820 feet apart, but Mr. Kiser expresses concern for those leaving the site at evening rush hour trying to make a left turn against the stream of traffic heading north. He suggests a traffic light might be needed at that intersection, paid for by the applicant, particularly as a new road will probably be required across Route 206 to link 206 with Cherry Valley Road and service development of the Peterson RH tract and the OR-3 tract directly across the highway.

In addition, Princeton Gateway Corporate Campus will be required to contribute \$178,665 to the Princeton Mount Laurel Housing Fund, under the terms of the Township's affordable housing ordinance.

The Site Plan Advisory Review Board did not make a recommendation to the Planning Board for or against the subdivision and site plan application when it heard the proposal last Wednesday. Instead, the developer was asked to return to the advisory board with revisions to its landscaping proposals. The next Site Plan Advisory Board meeting will be on Wednesday, September 11, but it was not clear whether or not the agenda was already too full to include this application.

BOARD SIZE CUT

By Borough Ordinance. The Borough Council has voted to reduce the number of Regional Planning Board members from 14 to 12. A similar ordinance had been approved earlier by Township Committee, effective upon adoption of the ordinance in the Borough.

The Borough ordinance also stipulates the addition of two alternate members, one from each municipality, to serve when regular members are not able to attend. The alternates will be expected to attend all meetings in order to keep abreast of Planning Board developments.

Still to be worked out is the fine point of which of the two shall have a vote in instances when both are present but there is only one vacancy. Attorneys for both municipalities have been instructed to draw up amendments to the amendment to take care of

To Air Rutgers' Five-Year Plan

Rutgers University president Dr. Edward J. Bloustein said in a recent interview that by 1990 Rutgers will rank as high academically as Stanford, MIT, Berkeley and Harvard. Dr. Bloustein will discuss his five-year plan with reporter Larry Stuelpnagel of "On the Record," New Jersey Network's weekly public affairs series. The program will air Sunday at 5:30 and will be rebroadcast Friday, August 30, at 11:30 p.m.

Rutgers' fortunes are on the rise. Last fall voters approved a \$90 million bond, \$30 million of which the school will use to build high technology research centers. Gov. Kean has proposed an \$8 million increase in Rutgers' 1985-86 budget. He believes Rutgers can play a crucial role in determining whether the Route 1 corridor between New Brunswick and Princeton becomes the East Coast counterpart of Silicon Valley.

But parts of Bloustein's plan are controversial. Rutgers hopes to attract large corporate research grants. Some scientists are afraid the corporations will start to influence the research. Others fear that the humanities will be sacrificed to technology. There is worry that too much emphasis, and money, will go to football.

this and other contingencies.

In other business, Borough Council changed the hours allowing evening door-to-door solicitation of Borough residents. In settlement of a lawsuit filed by New Jersey Citizens' Action, a New Brunswick lobby group, Council agreed to establish curfews of 8 p.m. during winter hours and 9 p.m. during the summer. Previously there had been no cut-off point for house-to-house solicitation.

But after learning that a different settlement had been reached in the same suit with West Windsor Township, Borough Mayor Barbara Sigmond proposed changing the winter cut-off to 7 p.m. Council adopted the change unanimously.

Council also passed a resolution honoring former Princeton University Dean J. Douglas Brown, appointed by President Franklin D. Roosevelt to a commission that developed the nation's social security system. The system is celebrating its 50th anniversary this month.

ONE MORE TRAIL

At Quaker Bridge and Rt. 1. A third shopping mall is being proposed for the Route 1-Quaker Road intersection.

This one, tentatively named West Windsor Village Centre, is the project of an organization called Terranomics Development Corp. It would be located across Quaker Road from Quakerbridge Mall and diagonally across Route 1 from Mercer Mall, on acreage currently belonging to American Cynamid, the Behr-Wood Kennels and a family named Azmy.

Directly across Route 1 is the Nassau Park development, where the first of several office buildings have

been completed and a Radisson Hotel has been approved.

Representatives of Terranomics came before the West Windsor Planning Board last Wednesday because they seek a zoning change for the 13.5-acre tract. Under current B-3 zoning standards, the parcel would have to be at least 25 acres for the proposed use and should have a mix of office and commercial use.

Pure Shopping Use. According to Alan G. Frank, Terranomics' attorney, his client, whom he describes as one of the top five shopping center developers in the United States, is not interested in anything but pure shopping center use for the tract. Under land use law, in order to obtain a change in zoning, an applicant must first appear before the planning board for a recommendation to the zoning board, either for or against the proposed change.

The Terranomics application was not heard by the West Windsor Planning Board last Wednesday as scheduled. The hearing has been rescheduled for Wednesday, September 4. If the zoning is not changed, Terranomics would have to obtain a variance from the zoning board in order to proceed.

The proposed mall would be about 135,000 square feet, or one half the size of Mercer Mall. According to a Terranomics managing partner, the mall would contain designer clothing stores for men and women, sporting goods stores and cosmetic shops housed in a one-story open shopping center.

West Windsor Village Centre would front on Route 1 and will have to obtain permission from the N.J. Department of Transportation for access from the highway. The DOT, which will start construction on an overpass for the Quaker Road-Route 1 intersection this fall, estimates an additional 10,000 cars a day travelling the intersection if the shopping center is approved. The DOT figures a shopping center will generate during a weekday about 67 trips per 1,000 square feet of leased store area.

TRENTON PAIR INDICTED

For Armed Robberies Here. Two Trenton residents were indicted last week by a Mercer County special grand jury for the armed robberies earlier this summer of the Food Winkel store on Chambers Street and The Burger King on Nassau Street.

The two defendants, Sidney Hightower and Jerome Ryland, both 26, are being held at the Mercer County Detention Center in lieu of \$75,000 cash bail each.

Both had been charged with armed robbery, kidnapping, aggravated assault and possession of a weapon for unlawful purposes.

According to the indictment, Hightower and Ryland, both wearing stocking masks, entered the Food Winkel on the afternoon of May 3 and forced the owner to the basement where she was bound with a rope. One was armed with a handgun.

After robbing her of more than \$20,000 in jewelry, the two then dragged her upstairs again and forced her to make out a check for \$3,000 payable to an employee who was in the store at the time. Bank officials at a Princeton bank where the suspects had escorted the employee became suspicious, however, and did not cash the check.

After her ordeal, the owner of the Food Winkel closed her store and went out of business.

On June 3, less than a month later, Hightower and Ryland, allegedly robbed the Burger King on Nassau Street of \$2,000.

Carrying handguns, they vaulted over the counter and ordered the manager and two employees to lie down on the floor. They tied them with rope and locked them in a freezer, emptying a cash register and a safe before fleeing. Princeton Borough police identified Hightower as an employee of Burger King.

Within a week a search warrant for Ryland's home in Trenton was executed, following a joint investigation by Borough Det. Randy Sutton and Trenton Det. Michael Salvatore.

Police allegedly found pieces of jewelry belonging to the owner of the Food Winkel and Burger King bank bags in the home.

The event will take place on the Hulfish Street Plaza adjacent to the Nassau Inn Terrace, and proceeds will benefit the WHWH/WPST Family Food Fund.

The festival will be a celebration of food offerings made with corn. New England corn pie, corn chowder, corn fritters, sausage and corn stew, and curried corn salad will be available, along with some unusual corn offerings.

Terhune Orchards is supplying the Inn's chef, Kim Anderson, with Silver Queen corn.

The country picnic atmosphere on the Plaza will be enhanced by a scarecrow created by Pam Mount of Terhune's and groupings of corn stalks. A Blue Grass Band will provide entertainment. The corn will be set up as a buffet, with a price displayed on each presentation. Beer, New Jersey wines and soft drinks will also be available.

The public is invited.

RULING FOR ETS

In Test Use Suit, U.S. District Court Judge Clarkson Fisher has granted the request of Educational Testing Service for a preliminary injunction barring the Princeton Review from using confidential ETS test questions in its coaching materials. The judge also barred employees of The Princeton Review from taking ETS tests for purposes other than college admission.

In its suit, ETS charged that The Princeton Review, a New York based coaching firm, and its founder, John Katzman, improperly obtained copyright-protected SAT and achievement tests and used them to help clients improve their scores. The questions have been discarded by ETS.

ETS originally filed suit against The Princeton Review on July 30. U.S. District Court Judge Maryanne Trump Barry issued a temporary restraining order in Trenton.

"We took this action on behalf of all students who take the SAT and Achievement Tests for admission to college," said ETS executive vice president Robert J. Solomon, "to ensure that no

student has an unfair advantage over another."

In a four-page opinion accompanying his order, Judge Fisher commented, "... the Fall 1985 testing process which is currently underway would be severely disrupted by premature disclosure of secure test questions. Such disclosure could result in invalidation of certain test scores and thereby undermine the integrity and reputation of ETS and its tests in the eyes of colleges and students."

ETS is seeking a permanent injunction in the case. Judge Fisher indicated that, based on material presented to him at the hearing last Wednesday, "it appears that ETS is likely to prevail on the merits of its copyright and contract claims."

Judge Fisher also signed a consent decree between ETS and Robert C. Scheller, president and owner of Pre-Test Review. According to the court order, SAT test questions were provided to Pre-Test Review by Mr. Katzman and The Princeton Review for use in Pre-Test Review's test preparation courses.

DRUG CHARGE LODGED

Too Much to Swallow. A 36-year-old resident of Hunters Glen, Plainsboro, was arrested by Borough Police and charged with possession of a controlled substance and tampering with evidence after he allegedly tried to swallow a plastic bag containing a white powdery substance early Sunday morning.

Borough Police reported that police arrested David Sweeney at about 1:18 in the morning after he was observed conferring with two other people in the alleyway linking Witherspoon Street with Palmer Square East, behind 1 Palmer Square.

The arresting officer, patrolling that area in response to previous problems at the Nassau Inn construction site, asked to speak with all three individuals. The trio began to walk away and were asked to stop by the officer. Two of them returned, but the defendant continued on his way, according to police reports.

When the officer apprehended him he allegedly attempted to swallow the bag. He was charged with illegal possession and tampering with evidence, and was ordered to appear in Borough Court on November 20.

FIRE ERUPTS AT PPL

Eight Firemen Treated. Eight firemen were treated for heat exhaustion, and two more

Precious Papers

People who think they can help themselves to a newspaper from an unattended stack sitting outside a store in the morning had better think twice.

Township Police, acting in response to a Princeton Shopping Center merchant who kept noticing papers missing from the bundle, arrested the second person in as many weeks for stealing a newspaper.

Charged was Tyrone D. Reed, 18, of Trenton. He was arrested at 6:55 a.m. on August 13 by a Township officer patrolling the area. The value of the stolen merchandise: 25 cents.

for minor injuries, in the wake of a fire last week at the Princeton Plasma Physics Laboratory in Plainsboro. All were later released the same day from Princeton Medical Center.

Sparks from a workman's blowtorch were blamed for igniting a styrene plastic liner in the cooling system of the Tokamak Fusion Test Reactor, the world's largest fusion reactor.

Fumes from the melted liner were not toxic but the PPL Director commented that neither would one want to sit around and breathe them all day.

With the outside temperature in the 90's on Thursday, firemen were forced to don air masks and cumbersome, heavy protective gear to battle the smoky fire.

The fire broke out shortly after 9 in the morning. Although it was brought under control quickly by emergency PPL personnel and some 30 firemen from the Plainsboro Volunteer Fire Company, it flared up again, however, and was not declared officially out until 10:30.

Workmen who were removing a metal liner from a sludge tank in the cooling system, which also operates the PPL air conditioning system, were evacuated immediately when the fire erupted, as were employees from the Tokamak area. All were allowed to return to work a few minutes after the fire was extinguished.

There was no immediate estimate of the amount of the damage.

TWO FIRES "SUSPICIOUS"

At Hyatt Regency. Two fires at the Princeton Hyatt Regency Hotel off Route 1 in West Windsor have been labeled suspicious and are under investigation by the Mercer County Fire Marshall and the County Prosecutor's Office.

The first fire, discovered at 3:15 Saturday afternoon in a service cart in an elevator, was extinguished by Hyatt employees. Firemen from the Princeton Junction and West Windsor volunteer fire companies who responded remained on the scene for a half-hour.

A second small fire was discovered Sunday afternoon at 1:53 in a back hallway in a ground-level building where a stack of banquet room chairs were ablaze. Again, Hyatt employees were able to extinguish the fire in a few minutes.

Firefighters from the Princeton Junction Company remained at the scene for two hours.

PITCHING FOR SENIOR OLYMPICS: From left, Lynne Lahey of Landau's, Kathy Clarkson of the Princeton Recreation Department, Jocelyn Helm, director of the Senior Resource Center, and Greg Aloia of Horizon Trust, are either supporting or sponsoring the second annual Princeton Senior Olympics. The strictly-for-fun event will be held Wednesday, September 4, from 9 to 1 at the Community Park pool complex.

ed during daylight hours on August 13.

Township Police said that someone entered the rooms between the hours of 8:30 a.m. and 2:30 p.m., ransacking the personal belongings that were stored there.

The losses included \$25 in cash belonging to an Iselin resident; a watch and cash belonging to a Belle Mead resident; a camera and cassette tapes owned by a woman from Jack-

son; \$20 from a Lawrenceville resident; and more small amounts of cash and personal papers from visitors from Yardley, Trenton, and Newtown.

DATE ANNOUNCED
For Senior Olympics. For the second year, Horizon Trust Company, Princeton Caterers and Landau's are all supporting the Senior Olympics, a less-than-arduous sports competition for Princeton oldsters. The event will be held on Wednesday, September 4, with the rain date set for the next day at the Community Park pool complex.

Horizon Trust will contribute T-shirts for all participants, Landau's will send balloons, and Princeton Caterers will provide lunch for the crowd.

There will be a \$2 registration fee to cover the rest of the costs.

"The Senior Olympics last year was such a success," said Jocelyn Helm, director of the Senior Resource Center, one of the sponsors, "that we knew we had to continue it as a regular annual Princeton event."

"The purpose of the Senior Olympics," she continued, "is to focus attention on the importance and pleasure of regular physical exercise."

Mrs. Helm emphasized, however, that participants are expected to be average performers and not experts.

Events scheduled are swimming, bocce, frisbee and softball throwing, hole-in-one, basketball toss, walking and horseshoes. They are open to all Princeton residents 60 years of age or older. Each event will be divided into age groups: 60-64, 65-69, 70-74, and 75 and older.

Pre-registration is encouraged but not necessary. Forms are available at the Senior Resource Center, the Princeton Recreation Department and the YWCA, all of whom are sponsoring and organizing the occasion. Completed forms should be sent with a check made out to the Princeton Recreation Department, to Township Hall Annex, 1 Valley Road, Princeton, Attention Senior Olympics.

Participants may also register on the day of the Olym-

pics at 9 a.m. Competition will start at 9:30 and will conclude by 12. Lunch will then be served and closing ceremonies will end by 1 p.m.

For further information, call 921-9480 or 924-7108.

LAW FIRMS BURGLIED
Typewriters Stolen. Two Nassau Street law firms were broken into last week and several electric typewriters of considerable value were reported stolen.

Borough Police were investigating a break-in that occurred at the offices of Mason, Griffin and Pierson sometime overnight last Thursday and Friday, August 15 and 16. Entrance was gained through a rear window. Stolen were two Panasonic typewriters valued at \$3,000 apiece and one IBM selectric worth \$1,200.

During the same time period the nearby offices of Pellettieri, Rabstein, and Altman were entered. Four electric typewriters were stolen. The entrance was made by someone cutting a screen in the rear of the building.

MORE GRAFFITI STRIKES
In Borough and Township. Police reported two more instances of graffiti this week. In the Township someone spray painted a door and window of the new Recreation Department building at 1 Valley Road Annex.

A Vandeventer Street residence, meanwhile, which had been vandalized the previous week by someone who painted graffiti on the exterior, was hit again just after painters repaired the previous damage.

Borough Police said that white paint was thrown on the house sometime between 8 p.m. on August 13 and noon the next day. The damage was reported by the painting contractor who was there to cover over the original graffiti.

DRIVER ESCAPES INJURY
But Gets Summons. An 80-year-old Princeton woman escaped serious injury Saturday afternoon after her car was struck by another car being driven down Route 27 at the intersection of Riverside Drive West.

LET'S TALK ABOUT

YOUR BIG BROWN LAWN — with Sam DeTuro Woodwinds Associates

If you plan on doing any work on your lawn, you had better start soon! Late August and early September are the best times to seed and renovate poor lawn areas. One of the major reasons for failure in turf growth is the selection of improper varieties to begin with. When selecting lawn grasses, avoid bargain mixtures, and always select certified seed when available.

Kentucky bluegrasses and fine fescues are the primary lawn grasses in New Jersey. Bluegrasses thrive in conditions of cool temperatures, good drainage and sufficient moisture, so growth slows and turf turns brown in hot, dry weather. Fine fescues on the other hand, can tolerate dry, infertile soil and sun or partial shade. Perennial Ryegrasses grow quickly and tolerate a wide range of growing conditions.

Important things to remember are: removing thatch to allow better penetration of water, application of lime to improve soil structure; cutting at a mower height of approximately two inches to conserve moisture; use of a good, all purpose insecticide to control as wide a range of lawn insects as possible, and finally, careful and timely use of a good fertilizer.

REMEMBER — with all the dry, hot weather we have had, that your trees and shrubs will also need deep root fertilization. Give WOODWINDS (924-3500) a call with all your tree care concerns!!!

that Eva Kalish of 16 Cameron Court was driving north from Riverside onto Snowden Lane while the light at the intersection was still red. At that moment, about 5:40 p.m., Choong M. Lee of Lawrenceville was driving east on Route 27. Police said he sounded his horn and swerved into the westbound lane but still struck the Kalish car.

A traffic summons was issued to the Princeton resident. No medical treatment was required.

HEAT NO EXCUSE

For Pool Trespassers. Seven young people from West Windsor, no doubt hoping to beat the hot humid weather last Friday night, were all charged with criminal trespassing after being apprehended by Township Police at 10:52 p.m. at Community Park Pool.

Police Captain Jack Petrone said the seven all admitted that they climbed over the fence to enter the pool, which is closed at that time. They were spotted sitting at a table, talking and drinking beer.

Arrested were Michael A. Klopfer, 14 Wellington Drive; Scott P. Woodbury, 2 Benford Drive; Theresa Jawick, 10 Wycombe Way; Jan E. Burnett, 844 Alexander Road; Jeffrey N. Kriss, 3 Park Hill Terrace; Kenneth D. Kendall, 10 Canoe Brook; and Scott G. St. George, 12 Wellington Avenue. They were scheduled for a September 17 court date.

After Dark in Park. Two young women sitting in a car in Marquand Park after its official closing time caught the attention of Borough Police, who charged them with possession of less than five grams of hashish.

Claudia Helmke, 10, of Lawrenceville and a juvenile were arrested after 9 p.m. last Thursday, August 15. Police said they spotted a hashish pipe in the center console of the car and discovered unsmoked hashish in a film canister.

Marijuana Arrest. A car driving down the center of Nassau Street aroused the interest of Borough Police Sunday night. The result was a summons for a traffic violation and an arrest for possession of marijuana.

Police said that Dino J. Lockhart, 19, of Trenton was driving down Nassau Street at about 9:40 p.m. When he was stopped the officer noticed a passenger trying to hide an object and smelled marijuana smoke coming from the car. The driver was charged with possession of less than 25 grams of marijuana.

OBSTRUCTION CHARGED

By Traffic Officers. A radar detection unit on Mercer Street late Sunday night resulted in charges of two motor vehicle violations, plus possession of illegal fireworks, and obstruction of the administration.

Borough Police said that officers timed a car being driven by Victor Tarassov Jr., 20, of

New Golf Hazard

Golfers always have had to cope with such hazards as sand traps and ponds. Now those playing at the Springdale Golf Course, particularly the 16th hole, had better beware of another hazard: a complaint of criminal mischief.

Township Police were investigating the report of a broken rear window on a car parked on Alexander Street opposite Princeton Fuel Oil. The window had been broken by a golf ball and police surmise that it was struck by someone hitting off of Springdale's 16th fairway, which borders Alexander Street at that point.

The incident occurred at about 4:15 p.m. on August 13. Captain Jack Petrone surmised that the culprit had a bad hook on his shot. Presumably the golfer already has been penalized the loss of a stroke.

Princeton Junction driving at 42 miles per hour in the 25 mile per hour zone. As they follow-

ed the car it passed two others illegally.

The officers gave chase and followed the car onto Alexander Street, at which point the driver turned into a driveway and turned off the lights. The officers approached the car and noticed the fireworks, including five-inch and two-inch rockets and 22 boxes of sparklers, in the rear seat.

Mr. Tarassov was scheduled for a November 20 court appearance.

YOUTH, 17, IS INJURED

By Backhoe at Work Site. A 17-year-old Montgomery Township resident was injured during the weekend when he was run over by a backhoe at a housing construction site on the Millstone River Road.

The victim, Robert Morris of Rocky Hill slipped, police said, while trying to jump onto the cab of the backhoe which was in reverse. He fell on his chest and was run over by the front tire.

Mr. Morris was listed in guarded condition following

surgery at Princeton Medical Center. He is employed by the R&S Colonial Builders of Belle Mead.

BIKE THIEVES BUSY

All Over Town. Borough Police reported the theft of two bicycles from a Witherspoon Street resident, who had left them unlocked one evening outside his apartment. A Green Street resident left his brother's bicycle parked outside Forer's Pharmacy for a few minutes one afternoon; it was gone when he returned.

A Dorann Avenue resident had locked his bicycle after parking it outside the Princeton YMCA but that didn't stop the bike thieves. When he returned the quick-release wheel had been stolen.

And a Westminster Choir College student wrote a letter to police reporting the loss of her bicycle from a dormitory at the school. She discovered the three-speed bicycle missing on the eve of her departure from school for her family's home in Ohio.

NEW FACILITY OPENS

For Womanspace. Womanspace, which has operated a shelter for battered women and their children in Mercer County since 1978, has announced the opening of a second facility, its main office, at 1860 Brunswick Pike (Alternate Route 1) in Lawrenceville.

The new facility provides space for the administrative offices, outreach counseling, board meetings and educational programs for the community. The shelter location remains confidential.

In addition to providing emergency housing and support services to 500 women and their children annually at the shelter, Womanspace has also been providing outreach counseling to women experiencing domestic violence problems, who, for a variety of reasons, can't, or do not wish to, seek shelter, but need counseling. Until the opening of the main office, Womanspace counselors met these women in libraries, diners and other mutually convenient places.

Those sessions will now be scheduled by appointment at the main office. The number at the main office is 394-0136. Womanspace also operates a 24-hour hotline from the shelter, 394-9000.

"It has always been our hope that someday we would have a place — a public presence in the county — where we could continue and expand our work to prevent domestic violence and provide aid and support to its victims," said Courtney Esposito of Pennington, president of the board of Womanspace. "Our dream has come true because of the strong commitment of the board, staff, supporters and our funding sources."

The main office was opened with a reception for area officials, social service agencies, members and other friends of Womanspace. Those attending included Princeton Borough Mayor Barbara Sigmund, a founder of Womanspace; Lawrence Mayor Gretel Gatterdam; Lawrence Police Chief Lawrence Seabridge; Trenton Police Chief John Prihoda; Geoffrey Perselay, acting commissioner of the State Department of Human Services; Ann Miner, director of the Department of Human Services for Mercer County; and Deborah

NEW SPACE FOR WOMANSPACE: About to cut the ribbon to open the new office and counseling facility for Womanspace are, from left, Princeton Borough Mayor Barbara Sigmund, Deborah Metzger of Womanspace and Lawrence Mayor Gretel Gatterdam.

Metzger, who wrote the original grant application for federal funds in 1977 to open a shelter for victims of domestic violence in Mercer County.

Board member Cindy Gordon of East Windsor, chair of the planning and development committee of the board, led the board's effort to plan, fund and find a main office in a convenient location with easy access by car or bus. The new main office site is being leased from the Gargione brothers, who completed extensive renovations to the Tudor-style building.

Womanspace is supported by individual contributions, federal, state and county budgets, the Delaware Valley United Way and the Princeton Area United Way. The non-profit group also coordinates a legal task force of lawyers, participates in a counseling program for abusers and conducts training programs for police, members of the clergy and health personnel on the topic of domestic violence.

PROPERTY MISPLACED Ends Up Stolen. Borough Police were investigating two thefts that apparently began when the victim misplaced personal property.

A Princeton University student reported leaving a wallet on the counter at Forer's pharmacy on Witherspoon. When the loss was discovered the next day the wallet had vanished. An employee of the University Store, a Belle Mead resident, made a purchase at the store and misplaced her wallet. When she returned it was gone.

CAMPAIGN UNDERWAY
At Selected Companies.
Although the official kick-off of the United Way-Red Cross campaign of the greater Princeton area is not until October 1, a few companies are getting under way long before the United Way says "go."
Squibb Corp., in Lawrenceville, McGraw-Hill in Hightstown and American Cyanamid Company - Agricultural Research Division in Princeton are kicking off their drives in early September with a completion date before the official campaign opening.

These companies are participating in the United Way's new Pacesetter Division. By completing successful campaigns — reaching their goals and high levels of participation and contributions — the pacesetters are expected to motivate other companies to conduct ambitious campaigns.

MEDICAL TOPICS

Red Cross adult learn-to-swim program, and a series of free lunchtime health talks.

The fall 1985 brochures are now being mailed. Copies can be obtained by calling the YWCA at 924-5571, sending a post-card to the Princeton YWCA, Paul Robeson Place, 08540; or picking up a copy at the Princeton Public Library or other area libraries.

Scholarships are available for eligible women and children to participate in YWCA programs.

CHILD CARE AVAILABLE

At YMCA Center. Weekday child care is available through the YMCA Children's Center at Johnson Park School, 285 Rosedale Road.

The Children's Center includes both a preschool and toddler program and is open Monday through Friday, 7:30 a.m. to 5:30 p.m. The program is specifically designed to meet the needs of the children of working parents. Pre-enrollment is encouraged since there is a limit on the number of children that can be accepted. The fall program begins September 3.

AT PLAY: David Ramos works out on the bars in the Johnson Park School playground, home of the YMCA Children's Center. The Center is accepting registration for the coming year, which is particularly designed for children of working parents.

Parents are welcome to visit the center. For more information, call 924-9637 or 924-4497.

The Children's Center of the YMCA was established as a commitment to families. The YMCA Children's Center opened its new program at Johnson Park School in June 1984, with a total enrollment of 24 children. A year later, total enrollment rose to 70 children with a capacity limit of 90 children.

The program is designed to fit the schedule of working parents and the needs of children. Parents are encouraged to join their children for lunch or participate in an activity with them. Many employers are willing to give release time to working parents, particularly if a single parent is involved.

The preschool program includes ages 3 and 4. These children enjoy language arts, math, science, art, computer skills, swimming and free play. The staff-child ratio is 1:8 for three-year-olds and 1:10 for four-year-olds. Toddlers 18 to 30 months enjoy songs, stories, active play, puzzles, art and small group lessons.

Staff-child ratios are 1:4 for 18-month-old children and 1:7 for 30-month-old children. For more program information, call Madeline Martin or Debbie Butterfield at 924-9637 or 924-4497, the Children's Center of the YMCA.

the Howell Living History Farm's second annual plowing match.

Drivers of the powerful Belgian, Percheron and Clydesdale horses will test their teams' endurance, obedience and precision in fine plowing and obstacle course classes beginning at 9:30 a.m. After watching the pros, visitors can compete for trophies in novice plowing assisted by teamsters who drive the horses from the side. At 12 noon, Al Campellone of the Pennsylvania Equine Council will hitch a team to an authentic Conestoga Wagon that was restored for the United States' Bicentennial. This wagon has been a part of an international display that was shown in Russia, Canada and throughout the United States.

Times for the classes are: Fine Plowing (walking plow) - 9:30 a.m.; Novice Plowing - 11; Appearance of Hitch - 1; and Obstacle Course Driving (logging) - 1:30. Gates for the day's activities will open at 9.

Other activities include children's crafts, picnicking on the lawn and a drawing for a moonlight hayride for 20. All buildings and trails will be open until 4 p.m. Refreshments will be available.

The Howell Living History Farm is located on Valley Road, one mile east of the Belle Mountain Ski Area in Hopewell Township. Admission to the event is free. For further information, call 397-0449.

LOANS EXTENDED
Eligible Income Rises. The New Jersey Housing and Mortgage Finance Agency (HMFA) has raised maximum income eligibility requirements and extended the application period for state low-interest mortgage loans by more than two months. Governor Thomas H. Kean announced last week.

Effective immediately, first-time homebuyers statewide with incomes at or below \$30,000 to \$34,000, depending on the county, and all homebuyers in specific urban areas, are guaranteed an opportunity to apply for Home Mortgage Program loans at 10.7 to 10.75 percent until at least October 31.

For first-time homebuyers in Mercer County, the maximum yearly income limit for a 10.7 percent interest rate is \$26,000. The maximum income limit is \$32,000 for a 10.75 percent interest rate.

Compared to conventional market-rate financing, Home Mortgage Program loans offer savings of approximately \$75 per month on a \$65,000 mortgage. Over a 30-year loan, the total savings comes to \$27,000.

Since The Home Mortgage Program began May 22 with the release of an initial \$110 million for urban home purchasers and first-time buyers with maximum incomes of \$24,000 to \$28,000, nearly 1,000 families have applied for \$47.5 million in loans. About \$62 million is still available.

To qualify for the loans, homebuyers purchasing outside of specific urban areas must be first-time buyers and meet the maximum income limits.

First-time buyers with incomes of \$24,000 to \$28,000 or less may qualify for 10.7 percent loans. First-time purchasers earning more than \$28,000 but less than \$30,000 to \$34,000 may apply for 10.75 percent loans.

First-time buyers are those who have never owned a home or have not lived in a home which they owned within the past three years.

All homebuyers must close on their loans and hold title to the residence by April 22, 1986.

Area lenders participating in the program include Nassau Savings & Loan Association Inc., and the Colonial Mortgage Service in Plainsboro.

FITNESS IS FOCUS
Of YMCA Programs. Registration is currently underway for YMCA fall programs that emphasize physical fitness and a sense of well-being for adults and children.

Programs that contribute to adult well-being include physical fitness evaluations, a running clinic, nutrition and weight control, swim instruction, scuba diving, and early morning lap swim.

Family Festival. To highlight its fall programs, the YMCA will hold a Fall Family Festival on Sunday, September 8, from 1 to 4 at the YM-YWCA, Paul Robeson Place. Families should bring a picnic and plan to enjoy games, swimming, volleyball, parent/child basketball and other activities.

Families are asked to RSVP by Saturday, September 7, so that refreshments can be planned. The Fall Family Festival will take place rain or shine.

Sewer Laterals
Continued from Page 1

sections of laterals take place first at houses in areas of known infiltration. Inspections should also be done at houses that are being sold, and houses located on roads that are about to be resurfaced, or houses where main sewer lines are to be replaced.

If a lateral is found to be defective, the homeowner will be given the option of contracting his or her own repair, or of allowing the SOC to contract the repairs. Township SOC representative Gail Firestone suggested the municipalities give the homeowner the option of paying the whole cost immediately or of paying it over a five-year period through the sewer charge on the tax bill.

Mr. Dorward believes that most homeowners will choose to have the SOC contract for the work, rather than find their own contractors. The SOC could combine several repairs into one contract, which should reduce the overall construction cost. Each lateral could be bid as a separate item, so that individual restoration costs can be assessed — like sidewalk repair — accordingly.

A defective lateral is one that has badly broken joints, heavy root infiltration, badly cracked pipe walls, or has a foundation drain or other illicit connection. Repairs could range from \$1,000 to \$4,000.

In Mr. Dorward's proposal, the SOC will notify houses in the areas selected for lateral inspection ahead of time. Before the actual TV camera inspection can be carried out, an SOC crew will also have to determine if there is a "clean-out" that will permit camera access to the sewer lateral.

Homes without an available clean-out may have to have one installed (again at an assessed cost).

Effort to Make Classic Architecture Texts Accessible Leads to Establishment of Press by Princeton Resident

Kevin Lippert is 26, newly married, and the owner and sole proprietor of Princeton Architectural Press, a publishing house he founded when he was a 21-year-old student at Princeton University's School of Architecture.

As part of the school's interest in historicism, said Mr. Lippert, students were actively encouraged — beseeched — to look at historical texts. These books were old, rare, and huge. Access was limited and it was almost impossible to make photocopies of the large and detailed plates.

"I thought how great it would be if there were student-size editions. If I could get these at a reasonable price, I'd buy them, and so would other students."

He selected *Edifices de Rome Moderne*, Letarouilly's massive collection of drawings, plans and perspectives of the most remarkable buildings of Renaissance Rome, as his first foray into publishing.

He found a printer outside Philadelphia and had several thousand copies run. The three-volume oversize work, first published in 1840, was condensed into one 9-by-12 book. It cost \$55. And it sold out.

However, Mr. Lippert was dissatisfied with the quality of the plates. So, before proceeding with his next volume, *L'Architecture* by Claude-Nicolas Ledoux, he met with a representative of Eastman Kodak.

Special Chemicats. That's how he learned about the special chemicals that are used in electronic microscope photography. Working with these chemicals, he photographed and developed the plates for his new book himself. He has used this process ever since. "The quality is excellent."

The work of Ledoux — an architect at the time of the

French Revolution whose fantastic and utopian designs reflected the function of each building — was translated into a sister volume of Letarouilly. Both are stark and handsome black books printed on acid-free paper and bound in buckram stamped with gold leaf. The Ledoux work, too, sold for \$55, and is now in its third printing.

By now Mr. Lippert had two books under his belt. He had graduated, was operating out of the back porch of his house on Valley Road, and was finally able to hire someone to help him. As the only publishing house doing these types of reprints, he had built a real business.

At this point, he decided to branch out and began to search for new titles. He was seeking original work to augment the reprints he had been doing.

On the day we visited his offices, page proofs of a new book — one far removed from the classic works he has become known for — arrived in the mail from the printers in Italy.

Its title is *Venezuelan Vernacular*, and the 96-page book — designed by Mr. Lippert — is ablaze with brilliantly colored images of vernacular architecture in Venezuela. It will cost \$25, a sum considerably less than other comparable art books.

Princeton Architectural Press, now off the back porch and into offices at 40 Witherspoon Street, and with double the number of employees (two), sells about 80 percent of its books to book stores in

large metropolitan areas. Its audience, in addition to a general public increasingly enthralled by architecture, is composed of students, professional architects, libraries and book collectors.

Of its ten titles planned for this year, perhaps the most eagerly awaited will be the new Michael Graves monograph, *Buildings and Projects 1980-85*.

Mr. Graves' earlier monograph was published by Rizzoli, which, along with M.I.T. Press, are the Princeton firm's major competitors.

Rizzoli, said Mr. Lippert, is known for its four-color glossy art books, while M.I.T. books are academic but poorly produced. "We want to be the best of both."

"Small and Smart." He credits some of his success to the fact that his is a vertical industry, an architectural press that's easy for people to track down. "We've printed 30,000 catalogs, the same number as our competitors, so we're able to compete with much larger presses."

At a recent conference, a woman from Yale walked over to him and said, "You sell more books than we do and you have one tenth the number of employees."

He has the technology to bring books to market, although his choice of titles must remain at least broadly in the area of architecture. But the firm, he says, may move in little increments to either side of this field — such as its soon-to-be published book on American cemeteries

— and still remain successful in its field.

Princeton Architectural Press is a fully computerized operation. It relies heavily on computers for all typesetting and editing, as well as for accounting and order estimating.

It's all done in-house: "We want to stay small and smart."

In its March 1985 issue, *Progressive Architecture* wrote that "the third and most recent addition to the series is the lush and elegant facsimile of *Les Promenades de Paris*, which includes 530 line engravings and a fabulous full-color series of lithographs depicting botanical subjects by Baron Haussmann's lieute-

Washington Crossing State Park

News of The THEATRES

MUSICAL IS READY
For Open Air Theatre. The Pennington Players will present *Jesus Christ, Superstar* the weekends of August 22-24 and 28-31 at the Open Air Theatre in Washington Crossing State Park. This will be the first time that this show has been presented on this stage.

The Pennington Players have gone to great lengths to assemble a cast and production staff to do justice to the work. The principal characters will be played by Tony Smith as Jesus, Melissa Hill as Mary Magdalene, Charles Krasner as Judas, Jim Kennedy as Caiaphas, Peter LaBriola as Pilate and Eric Metz as Herod. They are backed by a group of more than 75 additional performers as chorus members, dancers and musicians.

Director for the production, as well as choreographer, is Judi Lehrsaupt, with Paul McKenzie as musical director. Producers are Lyle Kennedy and Mike Spottiswood. Adding to the production will be special technical effects and lighting.

The show depicts a Jesus who does not fit firmly into the traditional beatific mold but rather is confused and questioning of the forces to which he is ultimately obedient. The setting is one that is rife with political machinations.

The songs, while distinctly rock-based, run the gamut of styles from light ("What's the Buzz") to celebrative ("Hosanna") to comic sarcasm ("Herod's Song"). All

HEADING FOR OPEN AIR: The Pennington Players' production of "Jesus Christ, Superstar," will be the final at the Open Air Theatre in Washington Crossing State Park, Thursday through Saturday, August 22-24 and 29-31. Here, Tony Smith as Jesus and Melissa Hill as Mary Magdalene rehearse for the coming production.

combine to provide a musical of great scope and intensity.

Performances are at 8:30 Thursday through Saturday. Tickets are available the night of the performance.

SECOND TIME AROUND

For "Evita." The musical Evita is playing at the Bucks County Playhouse in New Hope, Pa., through August 25. Here for a second run, the production will return to play from September 17 through 22, October 8 through 20 and again from November 5 through 24.

Evita won the Tony Award for Best Musical of 1980; was named Best Musical by the New York Drama Critics Circle; and was named Best Musical, along with five other Drama Desk Awards. The show's creators, Tim Rice and Andrew Lloyd Webber, also created *Joseph and His Technicolor Dreamcoat*, and *Jesus Christ, Superstar*, both of which are still being regularly performed after 24 years.

Evita is based on the life of Eva Peron, who rose from abject poverty to become the very rich and powerful first lady of Argentina.

Following Evita the playhouse will present the second run of the popular circus musical *Barnum*.

Regular performances are Tuesday through Friday at 8:30 p.m.; Saturday at 5 p.m. and 9 p.m.; Sunday at 6 p.m.; Wednesday and Thursday matinees at 2. Ticket prices range from \$10 to \$14. Information and reservations are available at (215) 862-2041.

A GIRL AND HER PONY
Film at Rocky Hill. The Mary Jacobs Library in Rocky Hill will present the film *Danny* on Monday at 7:30 p.m. The story of a young girl and a pony named Danny is told in a 1979 color film that will run 90 minutes.

TO OPEN SEASON

With Heifner Comedy. The TWTCT Theatre Company (Those Who Teach Can, Too) will present Jack Heifner's comedy *Vanities* as their first production of the 1985 season.

The bittersweet comedy traces the lives of three Texas girls over an 11-year period in three scenes: as high school cheerleaders, as college sorority sisters, and into their late twenties. Initially inseparable, they develop over the years to the point where it becomes clear there is little true depth to the interrelationship.

This production features Doretta Berry, Janice Bremec and Maureen West, all of whom were involved in TWTCT's successful spring production of *Lovers and Other Strangers* and *Adaptation*.

Performances will be Friday and Saturday, September 6 and 7, at 8 in Kelsey Theatre on the Mercer County Community College West Windsor campus. Tickets will be \$6 regular admission and \$3 for senior citizens, children under 12, MCCC students and alumni with ID.

For general information call 737-0743; for tickets call 586-4695.

'GANDHI' NEXT

At Kresge. Summer Cinema's next-to-last week schedule of screenings at Kresge Auditorium will include 1982's Oscar-winning *Gandhi* and a double feature composed of two strikingly different adaptations of the "film noir" genre: Lawrence Kasdan's *Body Heat* and Truffaut's *Shoot the Piano Player*.

Sir Richard Attenborough's *Gandhi* swept the Oscars in 1982 with a total of eight, including Best Picture, Best Director, Best Actor (for Ben Kingsley in the title role) and Best Cinematography, and was also voted the year's Best Picture by the New York Film Critics. Attenborough and writer John Briley took more than 20 years to complete their \$22 million epic, which orchestrates the events of life that changed history for millions of people.

Briley's script keeps in balance the Mahatma's revolutionary ideas, the paradoxes of character, the energy generated by the masses of people he arouses, the spectacle and drama of his audacity and the ironic climax of his life as the hard-won independence explodes into savage civil war.

In the title role, British stage actor Ben Kingsley presents Gandhi's life in a series of tableaux spanning 55 years, from the young London-educated lawyer's arrival in South Africa to his 1948 assassination by a Hindu fanatic in New Delhi. Gandhi will have a single screening at Kresge Auditorium at 7:30 from Wednesday through Saturday.

Beginning Sunday through Tuesday Summer Cinema will open its double bill with Lawrence Kasdan's *Body Heat*, a moody thriller which marked the directorial debut of the writer of *The Empire Strikes Back* and *Raiders of the Lost Ark*. The setting for *Body Heat* is steamy, sultry Florida, where William Hurt plays a mediocre, small-town lawyer who becomes involved with a rich man's neglected wife (Kathleen Turner).

Before long, the pair is plan-

Players to Hold Auditions

The Princeton Community Players announce auditions for *Barefoot in the Park*, by Neil Simon, which will open their fall season late in September.

Auditions will be held on Saturday, August 24, from 11 a.m. to 1 p.m. and on Sunday, August 25, from 1 to 3 p.m. at the Triangle-Broadmead Theatre, 171 Broadmead. This is the Players' former home, which they occupied for nearly ten years.

To be cast are two women, one in her 20's and one around 50; also three men from mid-20's to mid-50's. Appointments for auditions may be made by calling Sherri Bowman, stage manager, at 275-0866.

The play will be directed by Susan Tapper, whose previous directing credits with the Players include *Bye, Bye Birdie*, *The Rainmaker*, and *The Prime of Miss Jean Brodie*. Performances of the comedy are scheduled for three weekends beginning September 27.

ning to get rid of the cuckolded husband (Richard Crenna) and take his money. Sparks fly, insurance claims are debated, friendships fray, the lovers quarrel and part explosively.

Francois Truffaut's *Shoot the Piano Player*, made in 1960, and based on the novel by David Goodis, also reflects the influence of the American "film noir" crime films of the 40s. Charles Aznavour stars as Charlie Kohler, a small, home-ly, once-famous concert pianist who tries to escape his troubled past by becoming a piano player in a small Parisian bar.

In his efforts to help his gangster brothers who have become enmeshed in the violence of the underworld, he drifts through chases, kidnappings, murders and a suicide in a continuous melodrama. *Shoot the Piano Player* moves back and forth between comedy and tragedy, realism and fantasy, improvisation and stylization, always with the basic sadness of so many Truffaut movies.

Tickets are available at the door of Kresge Auditorium for \$3.50 for each double-feature screening. Call 452-4242 for additional information.

Princeton Ballet Company is under the direction of Associate Director and Ballet Master Dermot Burke, a former principal with the Joffrey Ballet. Judith Leviton, director, is also responsible for the Company as well as The School of the Princeton Ballet and PB II, a pre-professional training company.

OPEN HOUSE PLANNED By Ballet School. The American Ballet of Princeton, formerly the New Hope Ballet Academy, will hold an open house on Wednesday, September 4, from 5 to 8 at the Princeton Montessori School, 487 Cherry Valley Road.

The school offered ballet instruction in the Lambertville area for 11 years under the directorship of Gloria Govrin. Ms. Govrin was a principal dancer for the New York City Ballet and was an associate of the late George Balanchine.

For the past several years the school has been looking for larger quarters in the Lambertville area, but without success. The school decided to relocate and found space at the Princeton Montessori Academy, and Ms. Govrin decided to rename her school American Ballet of Princeton.

SEASON ANNOUNCED By Playhouse. The George Street Playhouse professional theater in New Brunswick has

announced its schedule of productions for the 1985-86 season, and the start of its subscription membership sales campaign.

The six-show season includes the world premiere of a new musical, another visit from The Acting Company, John Houseman's renowned repertory troupe, with a bill of one-acts commissioned especially for them; a hit Broadway musical; works by master dramatists, and a surprise.

Opening the season, October 23 - November 17, is Arthur Miller's *The Price*. This taut drama by the author of *Death of a Salesman* centers on two brothers: one, a successful doctor; the other, a New York City cop. As they meet for the first time in many years, feelings of love and hate for their parents, themselves and each other, boil to the surface.

Cabaret follows, November 27-December 29. The bitter-sweet tale of a young American writer and a zany cabaret actress, and of their doomed love affair in the shadow of Facism, made a star of Joel Grey on stage and of Liza Minnelli on screen. Maureen Heffernan, associate artistic director and director of the musical *A Little Night Music* at GSP this season, will direct *Cabaret*.

The Acting Company, founded by John Houseman and Margot Harley in 1972, will return January 2-26 with *A Chekhov Evening*. The short stories of the great Russian playwright (Uncle Vanya, *The Cherry Orchard*) will be adapted for the stage by some

MUSIC

SCOTTISH FAMILY HERE
For Folk Song Concert. The Princeton Folk Music Society will sponsor a concert by the Stewarts of Blairgowrie Friday at 8 at the home of Jean Bickal, 150 Old Denow Road, Lawrenceville.

The Stewarts of Blairgowrie are known for their singing styles, storytelling and vast knowledge of traditional Scottish folk music. Performing here will be Belle Stewart, Sheila Stewart MacGregor and Ian MacGregor.

Folklorists agree that the Scottish travelling folk are among the finest oral tradition bearers, in song or tale. Born in 1906 beside the River Tay, Belle is of traveller stock and maintains the family tradition as a singer, songwriter and poet. The majority of the songs the Stewarts perform have been handed down from generation to generation.

Auditions for Singers
The Princeton Pro Musica will hold auditions for choral singers from August 28 through September 9.

During the 1985-86 season the 100-voice chorus will perform Beethoven's Mass in C on November 3, Handel's Messiah on December 22, and Haydn's Paukenmesse, along with the premiere of Kraehenbuehl's Drumfire, on March 23.

For an audition appointment or for further information, call 683-5122 or write Princeton Pro Musica, P.O. Box 7006, Princeton, 08540.

Their repertoire is so extensive that it is said they have enough material for three months recording without a repeat. Belle has written more than 30 songs and together the family has appeared on seven LP's.

Admission is \$5 for adults, \$4 for students, \$4 for Society members, \$2 for children and senior citizens. There are no advance sales. Memberships are available at the door.

For further information call 924-9143.

CONDUCTOR IN DEBUT
With N.J. Symphony. Hugh Wolff will make his debut as music director with the New Jersey Symphony Orchestra on Wednesday, August 28, at the Garden State Arts Center in Hoboken.

Violinist Itzhak Perlman will join Wolff and the NJSO in an all-Tchaikovsky program, which includes the Violin Concerto, Symphony No. 4 and the Polonaise from Eugen Onegin. A by-invitation-only reception after the concert will welcome Mr. Wolff to New Jersey. The champagne reception, which will be held outside under the festival tent, has been sponsored by Johnson & Johnson and Midlantic Banks.

Appointed Music Director of the NJSO this past June, Hugh Wolff is associate conductor of the National Symphony in Washington, D.C. and music director of the Northeastern Pennsylvania Philharmonic in Scranton - Wilkes Barre. This past June he was honored with the Seaver Conducting Award, the richest conducting award in the world. He has led many major orchestras in the U.S., Europe and South America.

This season, in addition to concerts with the New Jersey Symphony Orchestra, Mr. Wolff will make his Chicago Symphony Orchestra conducting debut, and will also appear with the Rochester Philharmonic, Goteborg Symphony of Sweden, national Arts Centre Orchestra of Ottawa, Los Angeles Chamber Orchestra and others. A graduate of Harvard University and of the Peabody Institute, Mr. Wolff is an accomplished pianist as well as conductor, and has appeared often in chamber music concerts at the Library of Congress, and in recital with cellist Mstislav Rostropovich.

Itzhak Perlman, who last appeared with the New Jersey Symphony Orchestra in the 1972-73 season, is a leading violinist of his generation. Since winning the Leventritt competition in 1981, he has been soloist with all of the world's major orchestras and has made countless recordings, many of which have won Grammy awards. Contributing to his world-wide fame have been his frequent appearances on television, where he has exhibited not only his extraordinary musical gifts but a warmth and humanity that is virtually unequalled among performers of today.

Information on the August 28 concert and on the few remaining tickets may be obtained

from the Garden State Arts Center, (201) 442-9200.

SECOND BASE ACTION: There was action at second base last week in the opening championship playoff game between Andy's Tavern and Conte-Staats in the Princeton Men's Softball League. At left, second baseman Pat Kahny (far left) shortstop Ron Kane and Conte base runner Greg Smith all arrive at second

at the same time. Smith was safe on a close play as he advanced on a hit in the first inning. At right, Andy's Judd Petrone is tagged out by John Pesce on another close play in the fifth, as Petrone tried to advance on a fly ball by his brother, Jason. Conte's ended Andy's Tavern's 17-game win streak with a 6-2 victory.

SPORTS

CONTE'S ONE GAME UP
In Softball Playoffs. "Think of 18!" implored Andy's Tavern pitcher Jeff Grover last week before the start of his team's opening playoff game against rival Conte-Staats for the championship of the Princeton Men's Softball League. "Come on. Nobody stops our streak." Andy's had entered the game riding the crest of a 17-game winning streak; it had won 22 of 24 games this season.

Grover's importations went unheeded by his teammates, however, as Conte's struck quickly for three runs in the first inning and went on to capture a 6-2 victory. For Conte's, the win was No. 22 in 26 games. If a third game is necessary in the best-of-three series, it will be played Thursday at 6:15 at Community Park's Field 3.

"They caught us on a flat night," said Andy's manager Jeff Petrone. "We're not used to being behind. If you fall two or three runs behind Conte's you're in trouble because they are a good defensive team."

Conte's rocked Grover from the opening bell. Bob Zinsmeister and George McVaugh led off with singles and advanced on a misplayed ball in the outfield. Greg Smith's single plated two runs.

Then after a fly out, Mark Buroff and John Pesce singled to load the bases and Smith scored Conte's third run on Dave Watson's fly to right field.

Andy's got one run back in the same inning when with one out Jack Petrone singled, advanced on an error and came home on Mike Shillaber's infield out.

In the fourth inning, Andy's cut Conte's margin to 3-2, when consecutive singles by Dave and Mike Shillaber and third baseman Steve Simcox produced another run.

But Conte hurler Pepper

Taylor stifled Andy's at the plate, allowing only four hits over the remaining three innings in blanking the the losers the rest of the way. Taylor also benefitted from some fine defensive play by his teammates, including a strike by left centerfielder Mark Schuster to second baseman Pesce to nail Judd Petrone attempting to advance on a fly ball in the sixth and a double play in the sixth after Grover had led off with a single.

Conte's added single runs in each of the last three innings, as they reached Grover for 15 hits, including three by Zinsmeister and two each by McVaugh, Taylor, Buroff, Smith and Ray Clark. Andy's collected eight off Taylor.

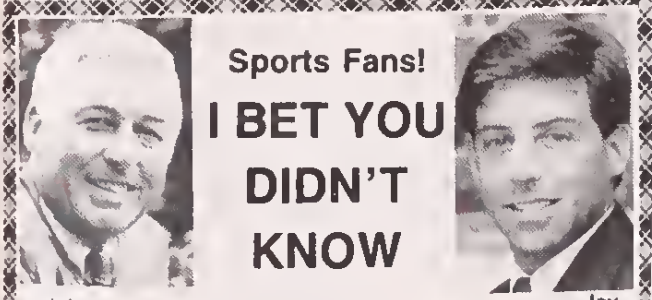

"We just didn't hit," summed up Jeff Petrone, after the loss. "Now we have to win two in a row."

PIASC scored its only run in the fourth on singles by Greg Hamer and Bruce Daniels.

TOP TWO TEAMS MEET
In Women's Softball Finals. The playoff finals in the Mercer County Women's "A" League will be between the two best teams in the league — first-place Grove Plumbing and second-place Sweet Jersey Corn. In the playoff semi-finals, Grove defeated fourth-place Champale, 7-2, and Sweet Jersey edged third-place 3 Seasons, 1-0.

In the Corn win, strong defense prevailed as 3 Seasons twice had runners on second and third, but were unable to push a run across the plate. The only run of the game came in the bottom of the second inning.

I BET YOU DIDN'T KNOW

STURHAHN, DICKENSON & BERNARD

Oddly enough, although no Notre Dame player has won the Heisman Trophy as college football's best player since 1964, Notre Dame still has more Heisman winners than any other school ... Notre Dame has had 6 Heisman winners -- Quarterback Angelo Bertelli in 1943 ... Quarterback Johnny Lujack in 1947 ... End Leon Hart in 1949 ... Halfback Johnny Lattner in 1953 ... Quarterback Paul Hornung in 1956 ... And, Quarterback John Huarte in 1964.

Three cheers for the Red, White and Blue ... and S.D.B.'s claim service.

Can you imagine a big league baseball team making 24 errors in one game ... It happened in the National League's first season when the Braves made 24 errors in 9 innings -- a record that stands to this day in the majors.

One of the most incredible games any batter ever had in professional baseball was by Jay Clarke ... Playing for Corsicana in the Texas League in 1902, Clarke -- unbelievably -- hit 8 home runs in ONE GAME! ... No other player in pro ball has ever come close to that feat ... Oddly enough, when Clarke got to the majors, he hit only 6 homers in 9 YEARS!

Conte's Trips PIASC, 5-1. To reach the playoff finals, Conte's had defeated Princeton Italian American Sportsmen's Club, 5-1, to win that playoff series two games to one. Andy's had swept its semi-final playoff series with Mike's Tavern.

Conte's scored two runs in the first when two opening errors and Greg Smith's single loaded the bases and two runs came across on George McVaugh's long sacrifice fly.

A walk, flyout and John Pesce's single produced another run in the fourth and Mark Schuster's two-run homer in the sixth completed the victors' scoring. Pepper Taylor got the win as he retired the first ten PIASC batters, ending up with a five-hitter.

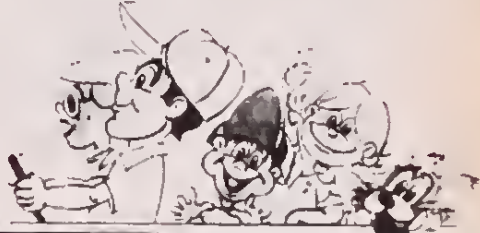

PITCHING STREAK ENDS: Andy's Tavern pitcher Jeff Grover had his winning streak ended at 17 last week when he lost a 6-2 playoff decision to Conte-Staats.

Seeded second, Leschly lost to top-seeded John Bartos, 6-1, 6-0. Both are members of the Princeton University tennis team where Leschly will be a third-ranked Mike Conroy and sophomore and Bartos a senior. Harold Wetzel who went on to Bartos was the No. 1 player on win the doubles title.

THESE ARE PLAYING FIELDS? The Princeton High School football field and track (left) looks like a plowed farmer's field a month before the start of the season. As a result, for the first time in memory, the Little Tigers will not have a home field while the field is resurfaced. PHS will play its opening game Friday

night, Sept. 28, on one of the Princeton University fields and the next eight away, although coach Bill Cirullo is hopeful that more games can be rescheduled on a University field. At right, the playing fields adjacent to John Witherspoon School have also been plowed under. The outdoor basketball courts behind JWS are also receiving a new surface.

Under her direction, the Education and Research Center has produced the USTA Schools Program, Sportstar (the USTA Sportsmanship Program), Courtstar, Junior Team Tennis and Starter Tennis.

Consultant. Kraft is a consultant to the President's Council on Physical Fitness and Sports and was an official delegate to the White House Conference on Aging. She founded the Princeton Community Tennis Program and was the first women's varsity coach at Princeton University.

Woods, a United States Professional Tennis Association Master Professional (USPTA), is past president of the USPTA - Middle Atlantic States Division and a presidential appointee of the Middle States Tennis Association. Before joining the USTA, Woods was a professor of physical education and varsity tennis coach at West Chester University in Pennsylvania, where he was honored as Coach of the Year five times.

His college teams won league championships in 1984, 1982 and 1975. Woods completed his Ph.D. at Temple University in 1976, concentrating on the psychology and sociology of sport.

Brewer is the liaison between the USTA national office and over 200 coaches and teachers who conduct hundreds of USTA clinics and workshops in all 50 states each year. He also administers the USTA Schools Assembly Program and has personally conducted scores of highly acclaimed teacher training events.

Brewer served as the national coach of Saudi Arabia for one year, and was director of racket sports for the American Club in Taiwan. Brewer's book, *Professional Tennis Drills*, was published in 1985 and is designed to help players of all levels achieve peak performance.

Tabak's duties as coordinator of the USTA Schools Program focus on implementing national programs, serving as an in-house journalist for the USTA Education and Research Center, and conducting clinics for a wide variety of promotions and training seminars. Tabak has spearheaded the USTA's involvement with local and state chapters of the Special Olympics across the country.

nant Adolphe Alphand." And it added, "The young firm shows much promise."

Mr. Lippert is proud of the quality of his books. They are all printed on acid-free paper and smyth-sewn, which means they may be laid flat without having the binding crack. "This is the opposite of perfect binding, which is the opposite of what it sounds like."

Sales went up five times last year, three times this year, and Mr. Lippert expects them to double next year. He notes that growth becomes less spectacular as the firm finds its market.

He plans to remain in Princeton, noting, for one thing, that Princeton Architectural Press is a good name. "You can't do it in Tucson." He also feels that his association with the University's School of Architecture and with Michael Graves has been very helpful. "The professors have been very encouraging, and I got a lot of credibility through them."

In whatever spare time he has, Mr. Lippert plays the piano and also works as a consultant in programming and systems analysis with Princeton Consultants, Inc., on Palmer Square. This is a firm that was begun by a former roommate when he was a Princeton undergraduate.

He says that, at the ripe old age of 26, "I'm spoiled rotten." I have run my own business, which is a lot of fun, and I'm directly involved in the life or death of this business."

serving as a consultant to groups in communities across the country which implement the program.

Lawliss has a solid background in project management. Previously, she worked as a project coordinator for a corporate communications firm specializing in audio-visual and multimedia presentations.

This year's conference will be highlighted with special interest modules, designed to help participants focus on their specific needs. The module topics are: Mental Training; Professional Development Skills; Team Coaching; The Game, Research Applications; School Tennis; and Nutrition, Fitness and Sports Medicine.

CHAMPION AND RUNNER-UP: Donna Young (right) successfully defended her title as Springdale Golf Club's women's champion for the third consecutive year when she defeated runner-up Kate Litvack, the 1980 club champion. Others who qualified for the championship flight include Ruth Thornton, Mimi Frantz, Claire Parsells, Debbe Pierson, Anne Pool and Jeanne Silvester. Ms. Frantz won the consolation flight.

WINTER SCHEDULE LISTED

For Tiger Basketball, Hockey. Schedules for Princeton University's varsity men's basketball and hockey teams next winter show an earlier start than ever for the skaters, while the basketball team, which does not begin play until two days before Thanksgiving, has a much more appetizing home slate than it did in 1984-85.

Games in Jadwin Gym were few and far between last December and January, and the way the Tigers were playing it was just as well. It was tough enough having to listen to the play-by-play on radio for anyone who cared.

The Orange and Black will open with Lehigh on November 26, meet Bucknell away on November 30, and then play five of their next six December opponents in Jadwin. These will include Seton Hall, Bowling Green, Delaware, Vanderbilt and Rutgers. After Christmas break, the team will travel to Tucson, Arizona for a four-team tournament including Arizona, Wisconsin and a team to be announced.

The 14-game Ivy schedule begins the weekend of January 10 and 11 in Jadwin against Dartmouth and Harvard, and ends here February 28-March 1 against Columbia and Cornell. The only non-league foes after the New Year are Lafayette and Franklin and Marshall, who both come to Jadwin in early January.

The football season will still have two games left when Coach Jim Higgins' skaters begin play in Baker Rink on Friday, November 15. Cornell will be the opponent that night, with Colgate set to follow Saturday, the day of the Yale football game here.

The following weekend will find the Tigers in a swing through New England against Dartmouth and Harvard, but they will return home for five consecutive contests against Williams, Union, Vermont, RPI and Army. During the Christmas break, the squad will play four games in Alaska (two in Fairbanks, two in Anchorage) and two more in Chicago.

New Hoop Coach at PDS

Princeton Day School will have a new boys head basketball coach this season.

Michael Herr, head basketball coach at Forest Hills Prep School in Chicago, where he was also an assistant football coach and physical education teacher, will replace Frank Konstantynowicz.

After two years at PDS, Konstantynowicz will leave to accept a coaching position in Virginia. Last year, Konstantynowicz, a former PDS player, led the Panthers to the New Jersey Prep B state championship.

The ECAC Division I pairings that worked well a year ago will be continued with Army playing only half a season in the league. That will enable the Tigers to play most of their games after New Year's on Friday nights and Sunday afternoons. On four occasions both the basketball and hockey teams will be at home on the same night. In those cases, the basketball games, which normally run around 90 minutes, will begin a half hour earlier at 7, and the hockey games, a half hour later at 8.

The complete basketball schedule: Nov. 26, Lehigh; Nov. 30 at Bucknell; Dec. 3, Seton Hall; Dec. 7, Bowling Green; Dec. 12, Delaware; Dec. 14 at LaSalle; Dec. 21, Vanderbilt; Dec. 23, Rutgers; Dec. 27 at Tucson for Arizona Christmas Holiday Tournament.

Jan. 7, Lafayette; Jan. 10, Dartmouth; Jan. 11, Harvard; Jan. 27, Franklin & Marshall; Jan. 31 at Cornell; Feb. 1 at Columbia; Feb. 4 at Pennsylvania; Feb. 7, Yale; Feb. 8, Brown; Feb. 14 at Harvard; Feb. 15 at Dartmouth; Feb. 21 at Brown; Feb. 22 at Yale; Feb. 25, Pennsylvania; Feb. 28, Columbia, March 1, Cornell.

The complete hockey schedule: Nov. 15, Cornell; Nov. 16, Colgate; Nov. 22 at Dartmouth; Nov. 23 at Harvard; Nov. 26, Williams; Nov. 29, Union; Dec. 6, Vermont; Dec. 7, RPI; Dec. 10, Army; Dec. 13-14 at Fairbanks, Alaska; Dec. 16-17 at Anchorage, Alaska; Dec. 27-28 at Illinois-Chicago Circle;

Jan. 3 at St. Lawrence; Jan. 4 at Clarkson; Jan. 10, Yale; Jan. 11, Brown; Jan. 26, Merrimack; Jan. 30 at Colgate; Feb. 2 at Cornell; Feb. 7, Harvard; Feb. 9, Dartmouth; Feb. 14 at RPI; Feb. 16 at Vermont; Feb. 21, Clarkson; Feb. 23, St. Lawrence; Feb. 28 at Brown; March 2 at Yale.
